

Angela Oduor Lungati to Headline MozFest House Zambia

Angela is the Executive Director of Ushahidi, a global nonprofit that builds tools to help people create solutions and mobilize communities on critical issues. Ushahidi's open-source software, developed for crisis mapping in Kenya in 2007, has since become a global platform used in over 160 countries.

Join us at MozFest House Zambia

MozFest House Zambia is a gathering for collective action towards achieving trustworthy AI. It is a call to action that centers Africans in the pursuit of Trustworthy AI systems. Working in solidarity with activists, policymakers, technologists, artists, and civil society actors to make a new normal for a future that listens and adapts, ensuring technology serves us all.

In the spirit of Mozilla Festival's foundational theme of '*Solidarity and Togetherness*', MozFest House Zambia in 2024 is a platform to demonstrate the power of solidarity and the limitless possibilities we can achieve in unity with the world around us. Together, we can reclaim the power of AI and technology for the collective well-being of people and planet.

300+
participants

30+
community-led sessions

15+ main stage speakers 1 final night party

The internet is a global public resource that must remain open and accessible.

THE MOZILLA MANIFESTO

On Togetherness and Solidarity

In 2024, Mozilla Festival is focused on Togetherness and Solidarity. This year, we are reminded of the importance of gathering together, working alongside each other in solidarity, and leveraging collective global efforts to impact change on a local level.
